TERM AND CONDITIONS

In addition to the standard terms and conditions of business set out in USB Certification's current certification agreement, the following conditions apply.

The certificate holder is authorised to mark the products detailed in this certificate when drawing up an EU Declaration of Conformity under Annex V (Module B) of Regulation (EU) 2016/425 of the European Parliament and of the Council of 9 March 2016 on personal protective equipment.

Please remember:

- If the product is classified as Category III, the CE marking of production is based on compliance with Directive 2016/425 Module C2 or Module D (except for products specifically manufactured for individual users).
- The certification and all details regarding the product are included in the manufacturer's technical documentation.
- If a translation of this certificate is available, the English version shall be considered as the authoritative text.
- The certification is limited to production carried out in facilities listed in the manufacturer's technical documentation.
- The product in continuous production shall be consistent with the product(s) listed and certified in this certificate.
- The manufacturer shall notify USB Certification of any changes made to the certified product or technical documentation.
- This certificate, together with the relevant technical documentation, shall be kept securely by the customer named in this certificate. A copy of this certificate and other documents may be requested by a government representative of an EU Member State.
- This certificate relates only to the status of products that can be tested during the certification procedure and is subject to the expiry date shown.
- USB Certification reserves the right to withdraw this certificate if it is determined that changes in production, design, material or packaging conditions mean that the requirements of Regulation 2016/425 are no longer met.
